Rc.No.A.4.1706/51 dated 15.5.52

SIR,

Sub:- River pumping schemes - Malabar and South Kanara Districts -

Ref:- i) G.O. No.MA 201 Food and Agriculture (F.I) Department dated 30.6.51
ii) My letter No.A.4.1706/51 dated 6.5.52

...

In the G.O. cited, Government have accorded sanction for the running of river pumping schemes in the Malabar and South Kanara Districts. As per letter cited, I have submitted a detailed report on the working of the river pumping schemes. The services of a watchman for each of the two places are really felt to keep watch over the oil engines installed there. The engines are located far away from the village and there is every likelihood of parts and other essential articles of the engine being removed from the engines during nights.

2. I request that Government may be pleased to accord sanction for the employment of two watchmen for Charvakam and Puthur villages on a monthly wages of Rs. 10/-. including dearness allowance of Rs. 15/-. for a period of one year from the date of employment.

cf GN: From para of the JAA's letter it appears that he wants wage-charts for the two districts but from para 2, it is seen that the proposal is limited only to S. Kanara district. The draft above is for clarification of the point.
